

Twinlab Consolidation Corporation Unilateral Minimum Advertised Price (MAP) Policy

This Unilateral Minimum Advertised Price (MAP) Policy is made and in effect as of this date January 1st, 2021. Any Unilateral Minimum Advertised Price (MAP) Policy previously entered into between TCC and Authorized Retailer, Distributor or Broker is hereby terminated.

MAP Defined as: The Minimum Advertised Price any item can be advertised on “ANY” Online Marketplace including but not limited to: Privately and/or Company Owned URL or Storefront ecommerce selling platforms, Amazon, Google, Walmart, Shopify, Alibaba, eBay, etc.

Twinlab Consolidation Corporation (“TCC”) strongly believes that its lines of products are premium nutritional supplements and has invested substantial resources in providing strong after-sale support to Resellers.

In order to preserve its reputation and further enhance its brand image and competitiveness in the marketplace, TCC has unilaterally instituted a policy of minimum advertised price standards for all its products of the specific TCC brands referenced below (collectively the “Covered TCC Products”). This unilateral Minimum Advertised Pricing Policy (“MAP Policy”) has been updated effective January 1, 2021 and will apply to all distributors, brokers and authorized resellers, including catalogs and internet retailers (collectively, “Resellers”), who resell the Covered TCC Product/brands (listed below) to end users located in the United States. This MAP Policy applies to all Covered TCC Products within the following lines (“Brands”):

- Reserveage™ Nutrition
- Twinlab®
- Twinlab® Fuel
- Metabolife®
- Re-Body®
- REAAL™
- ResVitale®

TCC reserves the right in its sole discretion to add or remove products from the Covered TCC Products subject to TCC’s MAP Policy

Retailers, Distributors and Brokers are not authorized to sell on any online marketplaces. All

Resellers wishing to sell on any online marketplaces, including, but not limited to, Amazon, Walmart, eBay, Google, Etsy, Alibaba, Shopify, etc., must seek and receive express written permission from TCC to list and sell their products on those platforms. Any effort to do so without permission will result in immediate removal from the platform and all accounts and purchases made with TCC will be canceled and account will be terminated. TCC will in no way be responsible for any fines or damages done to unauthorized seller’s removal of product. Returns on such product listed on these marketplaces will not be granted and sell through of these items will not be authorized. Immediate compliance will be required. Distributors of TCC products, are not authorized in any way to allow or grant sales of online

marketplace selling of any kind. Such authorization can only be given by TCC directly and must be requested in writing to compliance@twinlab.com (Subject: MAP Policy).

TCC recognizes that its success is tied to the success of its select authorized retailers. TCC values the effort and resources invested by its Resellers to distribute TCC products, educate the public and Reseller's staff about the Covered TCC Products to support its customers. TCC wants to protect its Reseller's ability to do so, while at the same time discouraging price-based advertising that would be detrimental to TCC's Resellers' services and support efforts. This MAP Policy is adopted for the benefit of all Resellers and will be uniformly enforced across all accounts and platforms.

This MAP Policy shall work under the following guidelines:

- a. TCC's Order Form includes, along with other information, both Manufactured and Suggested Retail Prices ("MSRP") as well as the Minimum Advertised Price ("MAP"). TCC will provide 60 days' written notice of any changes in this information. In addition, Resellers can request up-to-date Order Form at any time by calling (800)553-1896 or by emailing compliance@twinlab.com. The MSRP and The MAP pricing may be updated from time to time and all Resellers should check current TCC Order Form for accurate price information.
- b. This MAP Policy applies to all Resellers, Distributors, Brokers and to all advertisements of Covered TCC Products listed on the TCC Order Form, in any and all media, including but not limited to, flyers, posters, coupons, mailers, inserts, newspapers, magazines, catalogs, mail order catalogs, email newsletter, email solicitations, internet, websites, social media platforms, blogs or other internet based media, television, radio, public signage, personalized, offers and social media and email, text messaging, implementing coupons, instant rebates, as well as encrypted online prices or other public displays. This MAP Policy is not applicable to any instore advertising in a retail location that is displayed only in the store and not distributed to any customers via advertising methods outlined above. A "retail location," is defined as the physical place where end users can physically buy and take immediate delivery of Covered TCC Products.
- c. The inclusion in advertising of free or discounted products (regardless of whether its distributed by TCC or from another manufacturer/distribute) with a Covered TCC Product subject to this MAP Policy would be contrary to the MAP price if it has the effect of discounting the advertised price of the Covered TCC Product below its MAP.
- d. If pricing is displayed, any strike through or other alteration of the MSRP that is paired with a discount price below MAP is prohibited and deemed a violation of MAP Policy.
- e. This MAP Policy applies only to advertised prices and does not apply to the actual Reseller's selling prices; every Reseller's retail sales prices for any and all TCC products remain wholly within each Reseller's discretion.
- f. This MAP Policy does not apply to any products discontinued from TCC.
- g. This MAP Policy does not establish maximum advertised prices. All Resellers may advertise the Covered TCC Products actual selling price at any price in excess of MAP or MSRP.

However, if a Reseller is giving a discount on a product, it cannot show the MSRP as higher than is listed in TCC Order form to make it appear that the customer is getting a larger discount than is being given.

- h. This MAP Policy also applies to any activity, with TCC determines in its sole discretion, is designed or intend to circumvent the intent of this MAP Policy such as a solicitation for “group purchases,” “bundled purchases” and the like.
- i. Pricing listed on any website is considered an “advertised price” and must adhere to this MAP Policy. Website features such as “click for price,” automated “bounce back” pricing emails, pre-formatted email responses, forms and automatic price display for any item prior to being placed in a customer shopping cart or other similar features are considered to be communications initiated by the Reseller (rather than the customer) and thereby constitute “advertising” under this MAP Policy. Once the pricing is associated with the intent to purchase (added to shopping cart or order), the price becomes a selling price, rather than advertised price and is not bound by this MAP Policy. Statements such as “add to basket to see price,” “we will match any price,” “call for price,” “email for price,” or similar phrases, are only acceptable as long as the price advertised or listed for the Covered TCC Product is not below MAP and Reseller otherwise complies with this MAP Policy. In addition, discounts, applied in the checkout process to an order based upon a customer’s purchase history with the Reseller, such as discounts for “frequent shoppers” or “subscriptions,” do not violate this MAP Policy.
- j. This MAP Policy is solely within TCC’s discretion. No TCC employee or sales representative has any authority to negotiate, modify or grant exceptions to this MAP Policy other than the MAP Policy Administrator. The MAP Policy Administrator can be contacted at compliance@twinlab.com. Any representation or action by an employee, sales representative or persons other than the MAP Policy Administrator to discuss modify or grant exception to this MAP Policy is by nature on unauthorized and invalid.

If a Reseller with multiple store locations, websites or online store front violates this MAP Policy at any one store location, on-line storefront or associated website, then TCC will consider this to be a violation by the Reseller. If a Reseller violates this MAP Policy on any one TCC brand/Product, it will be considered a violation on all TCC brands/products and the violating Reseller may be restricted from buying any or all TCC brands in the future.

All questions about this MAP Policy should be in writing and directed via US mail to MAP Policy Administrator, Twinlab Consolidation Corporation, 4800 T-Rex Ave. Suite 305 Boca Raton, FL 33431 or via email to compliance@twinlab.com who will respond only in writing. No oral communications about this MAP Policy are authorized. The MAP Policy Administrator, alone or in connection with a third-party MAP monitoring service appointed by the MAP Policy Administrator shall be solely responsible for determining whether a violation of this policy has occurred, communicating decisions to Resellers regarding the MAP Policy and receiving any communications regarding sanctions imposed under this MAP Policy. This policy is being established by TCC unilaterally and therefore not subject to negotiation. TCC will implement and take action respecting its MAP Policy unilaterally based upon

information deemed sufficient by TCC, and all such determination shall be final. TCC reserves the right to any time to modify this policy to establish new or different policies or to discontinue any and all of such policies.

- k. From time to time, TCC may choose to offer special promotions on certain products. In such events, TCC reserves the right to modify or suspend this MAP Policy in whole or in part at any time. TCC further reserves the right to adjust MSRP and MAP with respect to all or certain products at its sole discretion. Such changes apply equally to all Resellers.
- l. Intentional and/or repeated failure to abide by this MAP Policy will result in sanctions unilaterally imposed by TCC. Sanctions can and will include termination of wholesale account, termination of sales thru distribution account, and addition to the permanent “Do Not Sell List.”
 - A first violation of this MAP Policy shall result in an initial contact made by TCC, in which the seller is instructed to remove the listing in less than a 24-hour time period. If authorized to sell online, the seller must adjust the pricing to comply with the MAP Policy price.
 - Upon second violation, which shall include failing to come into compliance by the deadline provided on the first initial contact made by TCC, TCC shall instruct distributor to cease all sales and shipments covered under TCC Products to the violating Reseller. If Reseller purchases direct from TCC, Reseller account will be put on hold until further notice.
 - Upon third violation, Resellers and Distributors will be placed on a permanent, “Do Not Sell List” and all future orders and business will be terminated & canceled effective immediately (until further notice).
- m. Distributors/Brokers/Retailers and Resellers of TCC Products will provide this Unliteral MAP Policy to any new or existing Retailers/Resellers to which such Distributors/Brokers/Retailers, sell TCC products for the Reseller’s records. This MAP Policy is deemed to have been read, provided, and understood by all parties associated with and representing TCC and its family of brands.
